Executive Summary:

A national consortium of thirteen (13) non-profit affordable housing developers submitted an application in the amount of \$175,955,377.00 to the U.S. Department of Housing and Urban Development in response to the Neighborhood Stabilization Program Round II (NSP II) Notice of Funding Availability. Consortium participants chose Chicanos Por La Causa, Inc. (CPLC) of Phoenix, AZ to act as the lead applicant and fiscal agent for this grant request. CPLC is among the largest and established non-profit community development corporations in the United States. CPLC has organized this coalition in partnership with NALCAB – National Association for Latino Community Asset Builders. All of the organizations that make up this consortium serve predominately Hispanic/Latino communities and provide bilingual/ bicultural services. The action plan presented is a revised plan for most members in the consortium. The consortium plans to stabilize neighborhoods in fifteen (15) communities within eight (8) states and the District of Columbia, whose viability have been and continue to be damaged by the economic effects of foreclosed upon, abandoned, blighted and vacant properties. The CPLC/ NALCAB Network NSPII Consortium anticipates that the activities proposed in this application will substantively stabilize local real estate markets, particularly in lower-income areas, and stimulate local economies.

The original application was approved with 331 census tracts. The consortium submitted a census tract amendment request on March 5, 2011. The amendment was granted to add 25 additional census tracts in the following geographic areas: 10 tracts in Los angeles, CA; 8 tracts in Denver, CO; 2 tracts in Westminster, CO; 1 tract in Phoenix, AZ; 1 tract in Santa Cruz County, AZ; 1 tract in McAllen TX; 1 tract in Cameron County, TX; and 1 tract in Philadelphia, PA. The consortium is now able to use NSP 2 allocated funds in a total of 356 census tracts.

The Lead Member has revised the action plan for the following reasons:

- to adjust activity production in order to react to dynamic changes in local markets

- to clearly define unit performance measures

- to strategically add or reduce activities of consortium members in order to increase grant performance and affect greater impact in local markets

-to adjust activity budgets to reflect addition or reduction of unit production within the activities for specific consortium members Individual changes within a consortium member's activity or budget is noted in the narrative of each consortium's member administrative activity.

The consortium has identified five (5) eligible activities that will assist in meeting its stated goals.

- A.) Establish financing mechanisms for the purchase and redevelopment of foreclosed upon homes and residential properties.
- B.) Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon.
- C.) Establish land banks for homes and residential properties that have been foreclosed upon.
- D.) Demolition of blited structures.
- E.) Redevelop demolished or vacant properties as housing.

The Cinyear grant period.

The anticipated revised outcomes are as follows: Production of Affordable Housing Units: 2,349 affordable housing units

These Units are produced as follows:

•	Single Family Homeownership	656	units

•	Single Family Rental	79	units
	Multi Family Rental	797	units

•	Multi Family Rental	797	units

- Cooperative 27 units **Demolition of Blighted Properties** 150 units .
- . Redevelopment
- Single Family Redevelopment 103 0 units Multi Family Redevelopment 60 0 units
- Cooperative 15 0 units
- Land Banking of Foreclosed Homes 183 units
- &pbs;ns;ns;&ma;s;ns;ston&ma;tFnnigns;ehnss&ml/g;/>/&mg; .

Under Activity A 279 units (Households) 0

In addition, the CPLC/NALCAB NSPII Network is anticipated to produce an additional 498 soft second financing mechanisms under Activity B and Activity E in order to create additional affordability for attainment of homeownership.

CHANGES TO ACTION PLAN December 7, 2011

Del Norte

Del Norte requested budget change in order to purchase an 8 unit MF property Decreased \$500,000.00 Activity A budget- Financing Mechanisms Increased \$500,000.00 Activity B MF LMMI budget - Acquisition/Rehab Del Norte's provides most of their Financing Mechanisms through Activity B and therefore requested to reduce Activity A budget This change does notimpact the current anticipated number of total outcomes

CHANGES TO ACTION PLAN Jan 09, 2012

1. Revised Grant Budget Revised all Project Budgets

Revised all Activity Budgets

All of the above revisions were necessary in order to accomodate program income projections as per new DRGR release 7.3 2. Added and Deleted Activities for CRHDC

Deleted Activity A LH25

Reduced Activity A LMMI to what has been currently expended

Explanation as follow:

Our program is nearing its 2ndanniversary date. Our initial grant funds (coupled with additional program income funding) have been expended on single-family rentals, single-family acquisitions & rehabs with a minor expenditure in Activity A. At year-end (2011), 15 homes have been sold and fully closed out on CRHDC's books. These homes provide the following statistical results:

Average sales price \$	146,161 (stat on 18 closings)
Average soft second	11,403 (stat on 15 closings)
Average Devel subsidy	39,711 (stat on 15 closings)

&ap:bsp:

CRHDC has used less than 1% of its original Activity A allocation. It is proposed that it will be more effective to move the remaining funds (approx. \$ 1,354,425) over to Activity B and to Activity E. to better meet the realities of our challenges and local market (see below). Added Activity B LH25 and LMMI. Added Activity E LH25 and LMMI

Explanation as follows:

The opportunity to acquire homes at pricing that allows a "reasonable" percentage of return of program incomehas dramaticallydiminshdverthlasyear.&apbHDCcuretlhaidntfimineparate developments that qualify under either multifamily rental or multifamily redevelopment activities.

The number of units were not decreased in the change. The units were redistributed to the new activities.

CHANGES TO ACTION PLAN

March 24, 2012.

1. Revised all Project Budgets for 300 Admin, 310 Financing Mechanisms, 340 Redevelopment, and 360 Acquisition/Rehab

Revised Activity Budgets for Mi Casa and Ashti

All of the above revisions were necessary to accomodate member change in project activities. Members requested the change to meet or exceed agency objectives and due to changes in market conditions in their areas.

2. Decreased Budget and Added an Activity for ASHTI

Reduced Redevelopment Budget and added and increased Financing Mechanism Budget. Revision will increase number of production units to 3

3. Decreased Budget and Added Redevelopment back to Mi Casa

Reduced Acq/Rehab Budget and added Redevelopment. Revision will increase number of production units by 1. Change will also increase projected program income.

CHANGES TO ACTION PLAN (TOTAL BUDGET WITH PROGRAM INCOME DID NOT CHANGE)

Julv 2012

Revised Project Budgets in 310 Financing Mechanisms, 340 Redevelopment, and 360 Acquisition/Rehab in order to clarify/ change activity or add new activity for member,

The following changes were made;

AHSTI

Funding has been reallocated from finance mechanisms to redevelopment to more accurately reflect the current market conditions and how the funding will best be utilized. ASHTI has decided not to use Financing Mechanism funds. ASHTI will return to the original HUD approved plan prior to the change in 022012.

CPLĊ

Action plan changes includedecreases in land bank, demolition and financing mechanisms demonstrating thedownwardshiftof 64% from 2011 of market inventorydue to an increase in cash investors combined with a 20% marked increase of property values in some areas. The requested changes are minimal in the affected activities. Lower asset valuecombined withan increase in short

sale approvalhascreatedhigher unit pricing of assetsper activity. CPLC will be increasing SF Activity B as a result. Financing mechanisms have been revised to reflect theincreasedmarket availability of assistance. Funding was reallocated to MF due to theSan Marina purchase/rehabin2011, which absorbed its allotted budget for competion of rehab and actualization of 80% occupancy rate in short time span of under 12 months.

EPCUSO

El Paso CUSO is requesting to add Redevelopment Activity. Funding from Financing Mechanism will be reallocated to redevelopment to allow for the complete expenditure of the budget. El Paso will purchase single lots to construct new single family homeprojects. This change will increase the agency production goals.

NEW

NEW is reallocating funding from financing mechanisms to redevelopment. This change will correct the previous reallocation to address that this activity is actually eligible under Redevelopment. The number of units being acquired, rehabilitated and soldtolow incomeamiles is not hanging; rater te cangied three veomtites end taken on by NEW.

NORRIS

Funding will be reallocated from Rehabilitation into redevelopment for completion of 30 residential units of affordable housing including 7 single family homes on the St Boniface parcel and 8 single family scattered site homes. Norris will be substituting the 15 planned co op units with 15 single family homes. NSCA is implementing the following changes to its NSP2 development plans in light of a compromise reached with Councilwoman Maria Quinones Sanchez. Completion of the projects is not allowable under rehabilitation as the properties are vacant and have not been foreclosed previously.

TDS

TDS is reallocating funding from rehabilitation to create a new activity in redevelopment due to the approval of a new census tract. Under this new tract, TDS will begin new construction on 40 vacant lots which will increase the agency's production goals

CHANGES TO ACTION PLAN

September 25, 2012

CPLC has Increased Program Income Budget by \$10m from \$85,866,666.42 to \$95,866,666.42 which increases the overall DRGR budget to \$232,973,799.42 (as per information below)

Several consortium members have exceeded their program budgets and are using program income to continue with approved activities. It was therefore necessary to revise and increase current program income budgets for 6 members to continue to obligate and expends for approved activities.

The following individual members budget changes were made:

Activity B

D		
CPLC	\$2m	
CRHDC	\$1m	
Del Norte	e \$1m	
NEW	\$2m

CHANGES TO THE ACTION PLAN

October 4, 2012

CPLC has Increased Program Income Budget by \$1m which increases the overall DRGR budget to \$233,973,799.42

Consortium member, Del Norte, has exceeded their program budgetand is usingprogram incometo continueithaproveactilie&a;am;m;ap;nbp; It was therefore necessary to revise and increase current program income budgets for Del Norte to continue to obligate and expends for approved activities.

The following budget changes was made for Del Norte: \$1,000,000 increase in landbank activity.

December 17, 2012

CPLC has reallocated funding away from Land Bank and Demolition due to a shift in market inventory and increase in market value of current projects. Funding was moved into Redevelopment and both SF and MF Rehabilitation.

Revised Action plan change Summary Feb 2013

\$10m

The action plan presented is a revised plan for most members in the consortium. The Lead Member has revised the action plan for the following reasons:

- to adjust activity production in order to react to dynamic changes in local markets

- to clearly define unit performance measures

- to strategically add or reduce activities of consortium members in order to increase grant performance and affect greater impact in local markets

3 Specific changes to the action plan is noted in the information below:

1. CPLC has Increased Program Income Budget by \$\$29,770,000.00. The previous program income budget was \$\$96,866,666.42 and now is \$\$126,636,666.42 which increases the overall DRGR budget to\$\$263,743,799.42

Several consortium members have exceeded their program budgets and are using program income to continue with approved activities. It was therefore necessary to revise and increase current program income budgets for 9 members to continue to obligate and expend for approved activities within their local markets.

Increased Project Budgets for the members listed below to reflect the additional program income generated by the respective members: Activity

2. The consortium has identified five (5) eligible activities that will assist in meeting its stated goals.

- A.) Establish financing mechanisms for the purchase and redevelopment of foreclosed upon homes and residential properties.
- B.) Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon.

C.) Establish land banks for homes and residential properties that have been foreclosed upon.

D.) Demolition of blighted structures.

E.) Redevelop demolished or vacant properties as housing.

Several Consortium members need to revise their approved action plan in order to meet or exceed agency objectives. The following chanesed:

,<>p&t;NEW - Added Activity B Multi Family,

NEW will reallocate funds from approved activity E to Activity B Multifamily. NEW will purchase and rehab multi family properties in order to provide additional affordable housing stock in local markets.

TDS – added Activity C

Tierra Del Sol will use program income to purchase and redevelop property at a later time

CHISPA – added Activity E

CHISPA will use program income to purchase aneight-acre parcel of vacant land in Salinas, CA to redevelop into a 50-60 unit multi family affordable housing property

3. The CPLC/NALCAB Network was awarded \$137,107,133 to fund its stabilization initiatives in a three year grant period and thus far has generated over \$50 million dollars in program income since the start of the award. Due to shifts in local markets and the increase or decrease of anticipated program income, all consortium members have clarified and revised the number of affordable housingproduction units for individual and families who are 120% below AMI.

Overall Progress Narrative:

A national consortium of non-profit affordable housing developers have developed plans to stabilize neighborhoods in fifteen (15) communities within eight (8) states and the District of Columbia. The consortium has identified five (5) eligible activities under the NSP 2 program to accomplish goals:

Establish financing mechanisms for the purchase and redevelopment of foreclosed upon homes and residential properties. Purchase and rehabilitate homes and residential properties that have been abandoned or foreclosed upon Establish land banks for homes and residential properties that have been foreclosed Demolition of blighted structures Redevelop demolished or vacant properties as housing

Since the award of \$137,107,133 was given on of January 2010, the lead agency (CPLC) and members of the consortium have been working aggressively to complete approved activities described in the Grant Application. Information conveyed in this report reflects data gathered from April 1, thru June 30, 2016. The cumulative information in this narrative and additional activity narratives within this report validate the following:

The consortium has acquired over 1000 Single Family homes for rehab and resale in 7 states and the District of Columbia.

The Consortium has obligated and/or expended over \$219 million dollars of allocated funds which includes generating more than \$89 million in program income.

The Consortium has acquired, rehabbed or redeveloped almost 1000 SF units and sold or rented over 700 of these Sf units. In addition, the consortium has also acquired several multifamily properties which total 1008 units.

Currently NSP2 Partners are working towards reviewing and submitting information to the lead agency in order to start the process of closeout.

Activity Description:

Administration and Oversight of NSP2 eligible activities in Californa

Location Description:

San Francisco area deployment of NSP2 funds

CHISPA has found that due to a changing real estate market, their acquisition price points (and therefore total development costs), are significantly higher in their approved tracts than first anticipated. CHISPA anticipates producing 31 units of homeownership. 8 of these units will be earmarked as rentals. In addition, CHISPA will provide, under Activity B, approximately 23 soft second financing mechanisms.

Activity Progress Narrative:

Costs in this category continue to fund salaries and wages. The administrative costs during this timeframe also include managing program staff associated with the grant or training new staff, in addition to developing closing

policies and procedures, preparing and providing information and reports to lead member. Entering and managing member data in the portal in addition to asset preservation are other costs connected with this budget.

Match Contributed	\$0.00	\$0.00

Activity Description:

Homebuyers who qualify as 50% AMI and below will be eligible to access CPLC's NSP funds for down payment assistance, reasonable closing costs, principal reductions, and gap financing to qualify for private mortgage financing in the amount of \$15,000 and in the form of a deferred soft second forgivable loan. CPLC anticipates making approximately 25 zero interest second mortgages to prospective home buyers coming from CPLC's Housing Counseling program and referrals from other Housing Counseling agencies in our service areas. The second mortgage will be secured with a recorded Note and Deed of Trust.

Changes to plan because July 2012:

Financing mechanisms have been revised to reflect theincreasedmarket availability of assistance. Funding was reallocated to MF due to the San Marina purchase/rehabin2011, which absorbed its allotted budget for completion of rehab and actualization of 80% occupancy rate in short time span of under 12 months.

Changes to plan because Feb 2013:

Financing mechanisms national objectives have been reduce for all consortium members Funding has been reduced and reallocated to another activity. Members are providing financing mechanism through activity B or E. Members are using financing mechanism when the nsp homes are not in the member's inventory.

Match Contributed	\$0.00	\$0.00

Activity Description:

Provide down payment assistance for buyers with incomes under 120% of AMI. Soft second mortgages will be offered to cover closing costs and down payment for qualified properties. The amount made available to each purchaser will be based on the gap between what is necessary to qualify for a responsible first mortgage and what the buyer can afford, with a cap of 20 percent of the value of the property. Soft Seconds will have a 0 percent interest rate and repayment will be deferred until the title is transferred or the mortgage is refinanced. If the buyer stays in the home for 15 years or more, the second mortgage will be forgiven.

The following changes were made July 2012

NEW is reallocating funding from financing mechanisms to redevelopment. This change will correct the previous reallocation to address that this activity is actually eligible under Redevelopment. The number of units being acquired, rehabilitated and sold to low income families is not changing; rather the change is based on the redevelopment activities being taken on by NEW.

Activity Description:

CRHDC seeks to provide rehab loans through its affiliate CHE to prospective purchasers of foreclosed properties, structured as a second mortgage. All NSP2 rehab funds would be issued as non-interest bearing or low-interest second mortgage to assist the home buyer in purchasing the home.

01/10/2012 Revised Activity Plan

Our program is nearing its 2ndanniversary date. Our initial grant funds (coupled with additional program income funding) have been expended on single-family rentals, single-family acquisitions & rehabs with a minor expenditure in Activity A. At year-end (2011), 15 homes have been sold and fully closed out on CRHDC's books. These homes provide the following statistical results:

Average sales price \$	146,161 (stat on 18 closings)
Average soft second	11,403 (stat on 15 closings)
Average Devel subsidy	39,711 (stat on 15 closings)

CRHDC has used less than 1% of its original Activity A allocation. It is proposed that it will be more effective to move the remaining funds (approx. \$ 1,354,425) over to Activity B and to Activity E. to better meet the realities of our challenges and local market (see below).

DRGR changes Feb 2013

Financing mechanisms national objectives have been reduce for all consortium members Funding has been reduced and reallocated to another activity. Members are providing financing mechanism through activity B or E. Members are using financing mechanism when the nsp homes are not in the member's inventory.

Location Description:

CRHDC is targeting rural markets not served under the NSP1. CRHDC is working in these census tracts to retain traditionally high home ownership characteristic, build household assets, and improve the workforce economy. Areas in Southern Colorado would include Thornton, Westminster, Conejos County, Costilla County, Alamosa, Saguache, hayden, Walsenburg, and Monte Vista.

These loans will be due at title transfer and will be pro rata forgivable loans based on the chart below; they will accrue no interest. The second mortgages will be secured with a Note and recorded Deed of Trust. CHANGES TO ACTION PLAN December 7, 2011

Del Norte

Del Norte requested budget change in order to purchase an 8 unit MF property

Decreased \$500,000.00 Activity A budget– Financing Mechanisms

Increased \$500,000.00 Activity B MF LMMI budget – Acquisition/Rehab

Del Norte's provides most of their Financing Mechanisms through Activity B and therefore requested to reduce Activity A budget

This change does notimpact the current anticipated number of total outcomes

Changes to Action Plan Feb 2013

Financing mechanisms national objectives have been reduce for all consortium members Funding has been reduced and reallocated to another activity. Total Funds Expended	\$0.00	\$1,064,612.00
Match Contributed	\$0.00	\$0.00

Activity Description:

El Paso AHCUSO also seeks to provide financing for low-income individuals that seek to purchase NSP II homes in El Paso, TX and Las Cruces, NM. El Paso AHCUSO has a strong track record of developing innovative financing mechanism that allow low-income, first time homebuyers to responsibly and sustainably purchase homes. NSPII funds would be loaned by EPAHCUSO as a 0% soft second that represents from 30% to 50% of the total financing. In conjunction with a leveraged investment made by local credit unions, EPAHCUSO will be able to finance the remainder of the loan with its own funds coming from its board which is made up of representatives of six local credit unions who have made investments in El Paso AHCUSO– creating a first and a second mortgage, financed over thirty years, with a blended rate in the range of 3.5%-5.5% depending on the ratio of NSPII funding to conventional financing. Alternately, EPAHCUSO has successfully structured twenty year mortgages in tandem with local financial institutions which keep monthly payments low while reducing the amount of interest paid over the life of the loan. In this case, 50% conventional financing is structured as a 10 year loan and the 0% second mortgage begins to amortize (with a 0% second mortgage, the monthly payment in the second ten years actually drops even lower).

Made changes to plan July 2012 due to:

El Paso CUSO is requesting to add Redevelopment Activity. Funding from Financing Mechanism will be reallocated to redevelopment to allow for the complete expenditure of the budget. El Paso will purchase single lots to construct new single family homeprojects. This change will increase the agency production goals.

Activity Description:

New will identify blighted homes and redevelop those units to be rented as homes set aside for families whose incomes fall within the LH25 criteria.

The following changes were made to plan 072012

NEW is reallocating funding from financing mechanisms to redevelopment. This change will correct the previous reallocation to address that this activity is actually eligible under Redevelopment. The number of units being acquired, rehabilitated and sold to low income families is not changing; rather the change is based on the redevelopment activities being taken on by NEW. Action Plan changed Feb 2013

NEW has collaborated with developers to complete a large MF property. NEW has increased the number of units from 100 to 150

Location Description:

Areas of Los Angeles County and San Fernando Valley

Activity Progress Narrative:

NEW is undertaking single family housing in Q1 and Q2 of 2016 using modular construction. Work performed during this last quarter is to entitle land for development of eight single-family homes.

Activity Description:

The City of Westminster's (CO) Community Development Agency has been embarked for some time on a proposed planned redevelopment of a designated "blighted" area inside its "old town" city limits. The future development plan anticipates the development and construction of a new mixed-use residential and retail complex. A large number of the proposed residential units would qualify as LH25 units. In addition,

CRHDC has purchased at least one or more homes that, after review, appear to be tear downs and redevelopment as the most economical means of restoring the dilapidated structures found at these premises. Activity E would be required to accommodate this action.

Action plan changes Feb 2013

CRHDC is developing 10 single family homes in Monte Vista a rural town in Southern Colorado. CRHDC is planning to place the 10 modular units in the subdivision called Tierra Del Sol and plans to sell them to qualified buyers.

Location Description:

Denver CO

Activity Description:

DEW expects to redevelop vacant and blighted properties that have been demolished in Southwest Denver. Homes there are generally less than 800 square feet but are located on very large lots. The plan is to take the 15 demolished sites and rebuild at a higher density for a total of at least 30 units for sale or lease/purchase. This would include 15 duplexes, 10 triplexes or a multifamily development.

Activity Description:

NSCA will develop a one hundred twenty thousand square foot vacant facility, which was recently acquired by Norris Square. The redevelopment will create approximately twenty-five units of affordable housing units of which twelve units will be set aside for LH25 families.

Current plan has been revised 072012 because:

Funding will be reallocated from Rehabilitation into redevelopment for completion of 30 residential units of affordable housing including 7 single family homes on the St Boniface parcel and 8 single family scattered site homes.Norris will be substituting the 15 planned co op units with 15 single family homes.NSCA is implementing the following changes to its NSP2 development plans in light of a compromise reached with Councilwoman Maria Quinones Sanchez.Completion of the projects is not allowable under rehabilitation as the properties are vacant and have not been foreclosed previously.

Location Description:

North Philadelphia Area

Activity Description:

ASHTI will redevelop 10 homes set aside for low income families

Budget was increased due to :

Funding has been reallocated from finance mechanisms to redevelopment to more accurately reflect the current market conditions and how the funding will best be utilized. ASHTI has decided not to use Financing Mechanism funds. ASHTI will return to the original HUD approved plan prior to the change in 022012.

Activity Description:

CPLC will aquire and rehab 92 units for households who incomes are 50% below AMI. 35 of the 92 unit will be rentals. 47 out of the 92 units acquired will be receive soft second financing within this activity. CPLC will inspect each unit and ascertain the need of rehabilitation work or if demolition is required. Although rehabilitation budgets will vary widely, this proposal assumes an average \$40,000 rehabilitation budget for Maricopa and \$30,000 for Santa Cruz. CPLC's construction manager for the area will oversee the rehabilitation process. CPLC requires each consortium member to enter property address in an electronic database to collect, manage and monitor all rehabilitation and redevelopment activies for each property acquired under NSP2.

Location Description:

Maricopa and Santa Cruz Counties Arizona

Activity Progress Narrative:

Under NSP II Single-family Acquisition and Rehabilitation Strategy for Arizona, CPLC has acquired over 250 single-family residential properties and rented or sold 216 homes. CPLC continues to use program income to purchase Sf homes throughout AZ.

Activity Description:

CPLC will acquire 141 eligible single family properties in Maricopa County (Phoenix) and Santa Cruz County (Nogales) at a significant discount through a partnership with Wells Fargo and Bank of America which allow CPLC to preview homes before they are placed in the MLS. 131 out of the 141 units acquired will be receive soft second financing within this activity. CPLC anticipates an average purchase price per unit of \$80,000 in Maricopa County and \$78,000 in Santa Cruz. A total of 85 single family units will be held for rent and the remaining will be sold.

CPLC will inspect each acquired unit and ascertain the need of rehabilitation work or if demolition is required. Although rehabilitation budgets will vary widely, this proposal assumes an average \$40,000 rehabilitation budget for Maricopa and \$30,000 for Santa Cruz. CPLC's construction manager for the area will oversee the rehabilitation process.

Location Description:

Maricopa and Santa Cruz Counties

Activity Progress Narrative:

Under NSP II Single-family Acquisition and Rehabilitation Strategy for Arizona, CPLC has acquired over 250 single-family residential properties and rented or sold 216 homes. CPLC continues to use program income to purchase Sf homes throughout AZ.

CRHDC is using NSP2 funds to acquire vacant foreclosed properties at an average of \$155,000 per home. Using leveraged funding, CRHDC will make \$15,000 - \$25,000 in repairs as well as \$5,000 - \$10,000 in energy efficiency upgrades per home. CRHDC is proposing the use of NSP2 funds to install energy efficient furnaces, windows, hot water heaters, and insulation. Upon sale of the units, CRHDC will use the proceeds to continue purchasing and rehabbing eligible properties for a total of 36 units. CRHDC will provide down payment assistance to 12 of the 36 homes acquired. CRHDC will acquire 36 units and 12 will become rentals. The 36 units acquired will target LH25 families.

Revised Action Plan 01102012

01/10/2012 Revised Activity Plan

CRHDC currently has identified 76 multifamily units in 2 separate developments that qualify under either multifamily rental or multifamily redevelopment activities. CRHDC has added Activity B MF and Activity E hence the number of units acquired will be reduced in Activity B SF and increased in Activity B MF and Activity E. The total number of units for CRHDC remains the same.

Location Description:

CRHDC is targeting rural markets not served under the NSP1. CRHDC is working in these census tracts to retain traditionally high home ownership characteristic, build household assets, and improve the workforce economy. Areas in Southern Colorado would include Thornton, Westminster, Conejos County, Costilla County, Alamosa, Saguache, hayden, Walsenburg, and Monte Vista.

Del Norte Neighborhood Development Corporation	\$0.00	\$2,535,002.46
Match Contributed	\$0.00	\$0.00

Del Norte will target the Denver Colorado area. Members of the DEW believe the most effective use of NSP2 funds will be to focus in critical areas where dollars invested will spur additional private development or stabilize marginal blocks including projects that serve as neighborhood catalyst opportunities that border highly impacted areas.

Del Norte anticipates its average purchase price per unit of \$102,000. Units will be sold for \$142,000 on average (although this will vary significantly based on the neighborhood). The difference between the unit development costs and the sales price will be made up with second mortgages plus the NSP2 subsidy write-down. Units will be sold and will be made available through a lease purchase arrangement.

Rehabilitation budgets will vary widely, for the purposes of discussion, this proposal assumes a \$25,000 rehabilitation budget plus a 15% rehabilitation contingency of \$3,750.

Del Norte will target the Denver Colorado area.

Del Norte anticipates its average purchase price per unit of \$102,000. Units will be sold for \$142,000 on average (although this will vary significantly based on the neighborhood). The difference between the unit development costs and the sales price will be made up with second mortgages (discussed above) plus the NSP2 subsidy write-down. Units will be sold and will be made available through a lease purchase arrangement.

Rehabilitation budgets will vary widely, for the purposes of discussion, this proposal assumes a \$25,000 rehabilitation budget plus a 15% rehabilitation contingency of \$3,750.

Match Contributed	\$0.00	\$0.00

Activity Description:

CDCB will acquire 14 abandoned or foreclosed homes at a significant discount through a partnership with The National Community Stabilization Trust. The average anticipated price of acquisition will just under \$38, 000. CDCB will provide down payment assitance to the 44 homes acquired in this activity and Redevelopment Activity.

CDCB will inspect each acquired unit developing a scope of work. That work write will be used to solicit bids to complete the rehabilitation work. CDCB's construction manager will oversee the rehabilitation making certain that the property is completely up to codes. Rehab costs will be approximately \$55,000.

Location Description:

Brownsville Texas area

Activity Progress Narrative:

To date CDCB has Purchased 21 homes, rehabbed 21 homes and sold all homes to eligible buyers

The Resurrection Project (TRP) and its partners propose to acquire, and rehabilitate 39 homes in the New City neighborhood of Chicago. This scaled approach is necessary to address the high level of instability and foreclosure in this neighborhood market. Once rehabilitated, TRP will make the home available to families earning 50% or less of the Area Median Income (AMI).

Activity Description:

TDS proposes to acquire and rehabilitate 14 residential properties that have been abandoned or foreclosed in order to stabilize distressed communities in El Paso and in Las Cruces. These units will be set aside for families whose income are below 51% AMI. TDS will work with real estate professionals to locate eligible properties and will conduct a feasibility analysis and environmental review of potential development sites.

Location Description:

areas in Las Cruces New Mexico and El Paso Texas

Activity Progress Narrative:

TDS continues to rehabilitate acquisitions within their inventory. To date TDS has successfully sold 50 units of single family housing in both Las Cruces and El Paso markets.

AHSTI will implement NSP II activities in Hidalgo County, TX, specifically in high foreclosure census tracts in urban McAllen and more rural San Juan and Weslaco. AHSTI's approach is to acquire and rehabilitate 4 foreclosed and abandoned properties. The average acquisition prices for properties are assumed to be \$80,000 for foreclosed homes, \$30,000 for vacant properties

AHSTI will request an average of approximately \$9,800 toward rehabilitation

In addition to acquiring 4 units AHSTI will use NSP2 funds to support downpayment assistance for 14 families earning below 50% of AMI. All clients will be provided with homebuyer counseling from AHSTI's HUD certified Homebuyer Counselors to ensure long-term responsible homeownership.

Mi Casa's acquisition and rehab plan for Brightwood Park is composed of two buildings located at 21 & 25 Kennedy Street N.W., in Washington, D.C. The buildings are close to 90 year old and together they house 54 units. A cooperative association was formed and it purchased their buildings in August of 2006. The original plan was to develop and sell the condominiums first, creating a net subsidy for the coop. The coop was able to obtain a loan from Mercy Loan Fund and complete development of 21 Kennedy NW as affordable condominiums. Following this success however, (i) The national housing crisis has decreased markets rates to such a low point that even these affordable condos may not sell; (ii) City revenue has dropped and DHCD currently does not have any funds for the development of 25 Kennedy NW. The complete renovation at building 21 is currently underway and will be completed in fall of 2009. Sales are not predicted to be quick or high enough to avoid running out of interest reserve. NSP funds will enable Mi Casa to negotiate a short-sale with the private lender to acquire and develop 21 Kennedy as permanently affordable cooperative or rental housing. Current residents will move into Building 21. Building 25 will then be vacant and will receive a modest rehab to bring it up to code and will serve as very affordable co-operative or lease co-operative housing.

Location Description:

Scattered site properties to be acquired and rehab into individual homeownership units, a combination of condominiums and single family units in the Johnston Square Baltimore Maryland, Eckington, DC, Brightwood Park, DC area
