

Las Madrinas

What is a Madrina?

"Godmother," representing a deeply respected and revered, lifelong role in Hispanic culture that blends spiritual guidance with mentorship and emotional support. Beyond this, a Madrina acts as a sponsor in key life events.

Are you a Madrina?

You value being part of a caring community of women who come together to create immediate, positive change here in our city.

Our goal this year-100 + Mujeres/Women coming together to collectively to give and make a HUGE impact upon those we serve. Your recurring giving – **beginning with \$10 per month** – will help support women and mothers in our community that are experiencing domestic and sexual violence.

This year, **we are calling on 100+ mujeres/women to come together** in collective action. Monthly giving creates consistent resources that strengthen our programs and ensure women and mothers impacted by domestic and sexual violence are never alone. A recurring commitment – **whether \$10, \$25, or more each month** – helps sustain life-changing services throughout the year.

Want to do more? We have other options, each best suited to generating greater impact and greater involvement with De Colores.

As a Madrina, you are deeply connected to De Colores' mission—helping survivors of domestic and sexual violence reclaim safety, strength, and dignity through the power of your confidence and commitment.

*¡Juntas somos más!
Together we are more!*
